### Mobile can freezer with divider system

This can freezer is perfect for stimulating impulse sales near the cash register in stores or at events. Fill it with individually pack popsicles, ice cream tubs, frozen pet food – there are many possibilities. It is also ideal as a brand promotor at fairs, especially if you get it decorated nicely so it attracts the eyes of potential customers. To ensure a great overview of the frozen content inside, the can freezer comes with a divider system. Thanks to its compact size and strong castors, the freezer is easy to relocate.
