Cooling unit

Easy, economic and effective storage in coldrooms

TEFCOLD coldrooms are a perfect plug-in solution with quick and easy assemble.

The cooling units comes completely pre-mounted on a panel and does not require extra expert knowledge. There is no need for cutting or drilling during assembly. The interchangeable modular panels allow different positioning of both the cooling unit and the panel with the door.

The coldroom can be used in both restaurants, delis, cafes etc. They are a great way to create optimal and efficient cooling space at a very affordable price. Coldrooms are a perfect and easily accessible way to store foods, dairy products and beverages.

We offer a selection of sizes to fit most situations. Coldrooms are available as both cooler and freezer options and shelving is available as an option.
