

SHALLOW 250-F

Supermarket Freezer

Product Features

- Extra large panorama glass lids
- Can be arranged into islands
- Perfect display for frozen foods
- Low energy consumption
- Save on total expenses (operation plus investment costs)
- Automatic defrost
- 2 cooling systems for redundancy
- Ticket strips as accessory

Divider system

Promotional shelves as accessory

Supermarket freezer with extra-large panorama glass lids

The SHALLOW range has an extra-large panorama glass lid and is built for standard freezer island setups. The units can be arranged back-to-back and with end freezers.

The large, angled panorama sliding lid allows full visibility for the products inside. The automatic defrosting function reduces maintenance costs, and prevents the formation of ice inside.

These are amongst the most efficient units on the market, with very low electricity consumption.
