Display Cooler

Product Features

- Hinged full-height glass doors
- Internal vertical LED light
- Adjustable shelves
- Adjustable feet
- Ventilated cooling

Full height doors

LED light inside door frame

2-door display cooler with hinged doors

The FS range is without a light canopy. It gives a little more interior height and makes for a cleaner looking cabinet. It is an excellent choice of double door display cooler when a light canopy for branding isn't required. With build quality and reliability as standard this style of cabinet has become a popular choice for convenience stores and shops.

This model is standard with white exterior and interior. It comes with 5 adjustable white wire shelves, 2 self-closing hinged glass doors and 2 vertical full length LED lights inside the door frame.
