

## DB301S-3

### Backbar Cooler

#### Product Features

- Approx. 56% more energy efficient than previous DB-range
- Double glazed tempered glass
- Energy saving variable speed compressor
- Ventilated cooling for fast pull-down and even temperature
- Easy access electronic thermostat
- Adjustable shelves
- LED interior light

Protective thermostat cover

Door holder for loading of the cabinet

### Energy-efficient backbar cooler

This new range of DB backbars is highly energy efficient and uses in average 56% less energy compared to the previous models from the same range. This backbar has ventilated cooling for a short pull-down time to ensure that you can keep up with customer demand for cold beverages. The temperature is easily adjusted on the electronic thermostat.

The backbar cooler has self-closing sliding doors with double glazed tempered glass, which gives a nice product presentation. The adjustable wire shelves have a white plastic coating for easy maintenance. The backbar is ideal for busy bar environments, and with its black exterior and stucco aluminium interior it has a contemporary look. A great choice for any bar.

The DB range is also available in a variant with hinged doors.

Design and Material		Measures and Content		Power and Consumption			
Door No & Type	3 sliding glass doors	Total Display Area	m <sup>2</sup>	0.72	Energy Class	B	
Door Reversible	No	Temperature Range	°C	+2 to +10	Energy Consumption	kWh/24h 1.74	
Tempered glass	Yes	Climate Class		4	Annual Energy Cons.	kWh/year 635	
Shelves No & Type	6 wire shelves white	Gross / Net Weight	kg	95 / 88	Power	1	
Shelf Color	White	Gross / Net Volume	l	300 / 278	Max Ambient	30°C at 55% RH
